Only in Ridgeland:

Each May, marvel at synchronous fireflies at the Snappy Sync Firefly Tours behind the Bill Waller Craft Center, home to the Craftsmen's Guild of Mississippi. The craft center also offers group-friendly classes and camps throughout the year.

One of the most traveled National Parkways in America, the Natchez Trace offers the present-day traveler an unhurried route that is rich in cultural and natural history. If getting out and exploring nature is your thing, then your next great adventure is Ridgeland.

Shop the spectrum of big-name brands to locally owned boutiques, from hand-crafted goods to high-end antiques along the Ridgeland Retail Trail featuring walkable outdoor shopping centers with motorcoach parking.

Better come hungry! Indulge in diverse culinary delights with mouthwatering choices of American, Latin, Mediterranean, Italian, and Asian, to name a few. Groups love Cock of the Walk for its fried catfish, flipped cornbread, and views of "the Rez".
